# EVENT INFORMATION

Proceeds from this event will be used to continue our mission of providing a safe support location for victims and their children fleeing domestic violence. Our services have grown to include support groups and outreach advocacy. We're here with open arms, hearts and to let victims know that they're not alone.

Domestic Violence continues to be the leading cause of injury to women in the United States, out-ranking auto accidents, rape and muggings combined. According to the Allstate Foundation, domestic violence affects more women than breast, ovarian and lung cancer combined.

Won't you join us as we ensure for all of those survivors and their children in our community that there is somewhere to turn, someone who will help...
